# Herbert Bos: Now

## Interests:

- System security
- Reverse engineering
- Operating systems
- Botnets
- Protection of legacy software

## Approach

- (Aim for) tier-1 publications
- Build systems that work (and release them)

# Herbert Bos: <u>Future</u>

**Interests:**

- System security
- Reverse engineering
- Operating systems
- Botnets
- Protection of legacy software

\+ Security Testing

\+ Backdoors in embedded devices

⇒ **Aim for tier-1**
