

Alfons Hoekstra

- Now
 - Understanding and predicting dynamics of Complex Multilevel Systems
 - From Biomedical Domain
 - Multiscale Modeling
 - (Distributed) Multiscale Computing
 - Teaching Computational Science
 - Stochastic Simulations
 - Modeling your World

Alfons Hoekstra

- Next five year
 - Understanding and predicting dynamics of Complex Multilevel Systems
 - From Biomedical Domain, also taking into account the environment
 - Socio-Economic Systems
 - Emergence of Scales in Complex Systems
 - Multiscale Modeling
 - Teaching Computational Science
 - Stochastic Simulations
 - Modeling your World
